

Sponsorship Opportunities

Who We Are

Springfield Devs is a non-profit organization with a mission to provide hands-on learning opportunities for all people interested in software development. We have been hosting and recording educational events for 30-60 developers each month for the past 8 years. Our "Dev Night" event format features social time with food, drinks, developer related news and announcements followed by 1-2 concurrent breakout sessions featuring developer-focused educational topics. Sessions are broadcast/published online.

How You Can Help

Sponsorship

By sponsoring Springfield Devs, you help pay for hosting our monthly events, maintaining our web presence and provide seed money for larger events throughout the year

Promotion

By promoting our group within your organization you encourage the collaboration and learning of the entire Springfield development community which ultimately creates a better environment for your business and others in the area to thrive.

Visibility

By remaining visible in the community you inspire up and coming developers to pursue job opportunities in our industry and remain in the Springfield area when they pursue career opportunities.

Other Opportunities

Want to help other groups in the community?

Springfield Devs works with a number of other organizations in the Springfield community and thought you might want to know about sponsorship opportunities for them. We recognize your organization may want to reach more people or make a larger impact and we want to help. Please consider supporting these other organizations.

Open SGF

<https://www.opensgf.com/>

We are a volunteer group of designers and developers out of Springfield, Missouri. We provide a forum for mobile, web, and application designers and developers to tackle technical problems for our community.
